TESTIMONIALS

(Exact testimonials, not changed in any way.)

Audrey & Micheal Woodworth...

I always knew that we would have Kinard Photography! Many of our friends and family have used Kinard Photography for their weddings and LOVED the pictures. We actually decided on our wedding date based upon the availability of our band, florist, and photographers!!!! Preston and Lindsey were absolutely amazing to work with – they went to any location for both our engagement and wedding pictures, had FABULOUS ideas for pictures, and allowed us to add extras (canvas or metal art) onto any photography package! Kinard Photography will also give you copy rights to the photos if you want them!!! They don't ask you to pose for anymore pictures than necessary. They love to take pictures of when a bride and groom are in the moment or the bridal party is just being themselves! There is just soooo many reasons I would recommend them! Preston and Lindsey are very understanding and flexible. When my husband and I had our engagement pictures done in November 2013 it was around 20° degrees outside and our eyes were watering from the wind. Preston advised that if we were not happy with the pictures that they could even take them again! (How many photographers would offer this?!) On our wedding day, Preston even rode in our party bus to catch the start of our celebration! He blends right in with any crowd and is such a fun person. He goes with the flow no matter what picture he is asked to take! We have had soooo many compliments on our pictures which only makes me more excited to get our BIG canvas and photo album! The advise I would give to any bride and groom is --- Please keep in mind that pictures last FOREVER and will be the best way to treasure your special days events! Thank you soooo much to Kinard Photography for giving us so many amazingly beautiful pictures to remember forever!

Heidi Sack from Decatur, IL – Bride's Mom...

Preston and Lindsey are brilliant photographers and such friendly people! The pictures from my daughter's wedding are creative and simply gorgeous! They were completely professional and such a joy to work with. We made many special requests and they went out of their way to meet every need. Our phone conversations to plan the day were filled with laughter and on the wedding day they made everyone feel comfortable even paying off the very young ring bearer so he would stay in the picture! (which worked!) From the church pictures which capture the awe and reverence of the day, to the outside shots that range from stunningly gorgeous to silly and carefree, to the touching tear-filled moments when a mother-of-the-bride and a father-of-the-bride can't contain their emotions any longer. We have incredibly pictures of every part of the day that we will treasure always. Our heartfelt thanks to Preston and Lindsey! I highly recommend them! – Heidi Sack, pleased mother-of-the-bride

Betty Niekamp from Quincy, Illinois

Thank you so much Preston Kinard and Lindsay for the beautiful photographs from KINARD PHOTOGRAPHY! We Love all the pictures you took for Lindsey and John's wedding! They are all wonderful! You two are the best and I just wanted to tell you how happy we are with the wonderful memories we will have that you helped to make with your photographs!

Morgan & Kyle Wirth of Springfield, Illinois...

Preston & Lindsey were wonderful to work with! We had an outdoor wedding planned for May 4th which in the Midwest is somewhat hard to predict weather wise. The night before the wedding we met with Preston & Lindsey to work out a plan for the day. They were warm, friendly and full of ideas and a plan of action in case we got rained out. Of course we did! This could have been awful but the couple made the day run so smoothly. They were there from the start of the day when we were getting ready, sometimes completely unnoticed. Though I have not yet seen the pictures I can already guess they will be beautiful. Preston & Lindsey brought fun props for our photos and suggested lots of interesting poses. We also used their photo booth services which were an absolute hit! Really reasonably priced & they let us choose the time we wanted to run them & promised to keep it open late if we didn't feel we got enough time in there by the end of the night. Towards the start of the evening a part of the photo booth got wet and was malfunctioning, they let us know right away what was happening and what they were doing to fix it. Normally I would have had a bit of a panic attack at this, but I actually felt totally calm and knew they would have it fixed in no time-which they did! The last thing that really sealed the deal for us was that they offered to come back to town (which is quite a long drive for them) on a nicer day to shoot extra photos of us in our wedding garb if we didn't feel we got enough on the actual wedding day due to the rain/mud and limited areas we were able to shoot. Though I have complete confidence that they managed to get a variety of shots I thought that was such a kind and wonder thing to offer us! They absolutely didn't have to offer such a thing, but the fact that they did makes me 100% certain that Kinard Photography is worth working with.

Ashley & Chris Juette from Quincy, IL...

We used Kinard Photography and were extremely pleased with Lindsay and Preston. They made the process extremely easy from going over details for engagement/wedding photos to ordering photos. The package was extremely affordable for being on a tight budget. The quality of the photos were great! Both were very professional and captured all the pictures we wanted and more! I definitely recommend Kinard Photography for engagement and wedding photos!

Erin Achilles & Isaiah Allen...

My fiancé and I had the pleasure of working with Preston and Lindsay for our engagement pictures and cannot wait for our wedding day to get here! The two were so easy and fun to work with and our pictures turned out amazing! They were very flexible and even drove an hour to another location that was special to us to take some more pictures. I would recommend to anyone in the area to choose Kinard Photography for all of their photo needs!

Angela & Ben Thompson from Quincy, Illinois for our VIP Photobooth...

We were very excited to be able to have a photobooth at our wedding reception. It is a great party favor for the bride, groom AND guests! We loved the triple picture strips, the video option, the variety of picture options, and of course the props!! It was wonderful that we could get our photos and our photobooth from the same people. It was one of the biggest hits of the night! I am so glad we chose Kinard Photography. From what I had seen online, they were great photographers. As we got to know them through our meetings, they were extremely nice, professional, down-to-earth, helpful, and willing to try any ideas we had. We were excited for our big day and knew we were in great hands for our pictures. Something I appreciated the most was how smooth they made everything that day. They were quick so we could get in all the pictures we wanted, but were meticulous enough to make every picture perfect. Not to mention, the pictures were fun! We and our guests loved the photos. We would not have chosen anyone other than Kinard Photography.

Nicole from Quincy, Illinois...

I have worked with Kinard twice now and both times they were able to deal with my very LARGE family. Being we had a big enough family I had to break up my session in 2 sittings. While I was stressed out they both kept me at ease by helping me tell my family where to go and when to let the next set come. I wanted to get nice photos with my daughter with ALL her family, not just me and her dad. I believe from looking how the 1st set of pictures turned out that the 2nd set will work out amazing. If I was not moving out of the area I would 100% use them again. Since I can't be here to use them I will just let my friends and family know that they are great to work with! :)

Katie...

I read the other reviews that were available while trying to make my final decision on the photographer. I am more than impressed with the professionalism of Preston and Lindsay. I felt so confident that the photos and the members of my wedding party were in the utmost care. Everyone comments on how beautiful my engagement and wedding photos were captured in such a creative and artistic way. I would recommend Kinard Photography to anyone. They are the most patient and likeable couple ever. Your search should stop here because they are the BEST!!!

Alana & Justin Gerhardt from Quincy, Illinois...

We loved everything about Kinard Photography! Lindsay, Preston, and Carissa were more than amazing to work with. I couldn't have asked for better photographers! They did an amazing job on our engagement photos and even better on the wedding day photos. They captured every moment of our special day and were willing to do anything that we wanted. The wedding packages are very reasonable in price and the quality is so great! I highly recommend Kinard Photography!

Ben & Katelin Brown...

Kinard Photography is amazing! They get to know you on a personal level and really make your special day about you. I had a ton of questions and they were more than willing to answer. They were there every step of the way since day one. They are great people to get to know and are truly there to catch every moment they can. I know that I would have never found anyone else for the price and the personal relationship they gave us.

Stephanie & Joel Hill from Quincy, Illinois...

Lindsay, Preston, and Carissa were more than amazing to work with. I couldn't have asked for a better group of photographers to work with on our wedding day. The ladies were there to begin the day with me at the salon and were just laid back and not right in my face with the camera the whole time. They all three were at the ceremony to make sure that every angle was covered. After the ceremony they were fast with the family pictures as to not irritate the guests. They made the day light and fun. They were great with kids and adults!!! My husband and I are lifelong customers. We will have them take all our pictures on special occasions from now on! The cost is also depending on the package you get but I'm more than pleased with all that this packaged contains.

(Exact testimonials, not changed in any way.)

Andrea & Eric Sowers...

The photographers of Kinard Photography were absolutely wonderful to work with. My husband and I were planning our wedding from a different location than our wedding location, and Preston and Lindsey were flexible and willing to meet with us when we were able to make it back to the area. On the wedding day, two photographers were with our bridal party as soon as we began getting ready the morning of the wedding and had three photographers through the ceremony and reception. All of the photographers were extremely professional as they took several pictures without the bridal party even noticing they were there. Additionally, my husband and I had met the Preston and Lindsey prior to our wedding and had mentioned a couple different pictures and poses that we wanted captured. They were so receptive of our ideas and all of our special moments were captured beautifully by them. We were extremely happy that we chose Kinard as our wedding photographer and would recommend them to anyone who is having their wedding in the Quincy area. Thank you Kinard Photography!

Kristen & Justin Cassens Wedding...

I was at a baby shower for a friend and the subject of our wedding came up. I was telling some of the women around me that I was having trouble finding a good photographer. Three of them had used Kinard Photography for their wedding (pictures) and had only wonderful things to say. I called the next day and set up a time to meet. We were very impressed after meeting with Preston and Lindsay and we booked them that day! We had (up to) three photographers with us through out the day—from the girls getting hair & make-up done early that morning to the reception that night. We have amazing pictures that captured the fun we had that day! You'll be glad you booked them as your photographers!

Shanna & Ryan Kolves from Havana, Illinois...

I got engaged July 2011 and started to look for vendors right away. We quickly found out that vendors got booked pretty early. Our wedding was May 26th, 2012. I made several calls and sent out countless emails looking for a photographer. Most were either already booked or since it was a holiday weekend (Memorial Day) a couple wouldn't take the job. I finally came across Kinard Photography from Quincy, IL which is about 1 hour and 50 min from where we were getting married. Yes, they do charge a travel fee but that is understandable since they would be staying in a nearby hotel the night before and night of. This way they were able to capture all of the moments. They always offer 2 photographers. Husband and Wife team shot our wedding and it was fabulous! They came as soon as we started to get ready and stayed until the final dances and activities were finished at the receptions. Also, I was able to pic out what photos I wanted to be taken which were ones that I found off of Pinterest. That was fun! I highly recommend them and they are easy to get a hold of and keep in touch with through out the whole process. I am still picking out photos to be printed and they are being very patient. They also offer a lot of options with packages and prints. The most I have seen compared to other photographers that I had looked at before. Good luck to you!

Elizabeth & Michael Yeast from Tempe, AZ...

Photography was at the top of our list when we started planning our wedding. We couldn't be happier that we decided to go with Kinard Photography. They went above and beyond our expectations and were able to fill all of our special requests that we wanted on our wedding day. From arriving extra early to get pictures of the bridal party getting ready to riding with us in our limo, they were there until the end of our night still snapping photos. We also decided to get the photo booth for our reception and it was a huge hit. There's a unique twist on what their photobooth can offer so make sure to check it out! All a bride can ask for is that things run smoothly on her wedding day (and the groom saying yes of course) and Kinard Photography made sure everything was perfect!

Jennifer & Nathen Leach Wedding Testimonial...

We used Kinard Photography for our engagement photos and for our wedding day. We were so happy with their services and with the three photographers. They were very accommodating to us and made sure we got all of the photos that we wanted. They joked with us, made us laugh, and made our day fun! They paid attention to little details that made our pictures that much more special. They also captured special moments that we weren't expecting to be a part of our photos, which made those moments even better. The quality of service and photos was great for the amount of money we paid. They are very reasonably priced and had many different wedding packages to choose from so that we could get exactly what we wanted for our day. They have many different options of photo books, prints, and packages. We were in contact with them often, as I had many questions. They always got back to us in a timely manner and answered our questions whenever we had them. They are truly a great team and we were so glad to have chosen them to capture our special day! We highly recommend Kinard Photography! Thanks guys!

Ashley & Jared Weeks...

Kinard Photography was so great for our day! I was so fortunate to be able to book them 2 days prior to my wedding because of a mishap with my original photographer! I think it was a blessing in disguise. They did a great job and put my mind at ease. I didn't have to worry about a thing. They are great to work with, very flexible and strive to meet your needs or preferences. We had a son in March 2011 and they have done his growup sessions as well. I recommend them to anyone I know looking for a photographer!

Terri Peters...

Preston and his team are very professional and knowledgeable about what they can do for you. They are very creative and have good ideas on what type of pictures to take. The team is open to your suggestions of what you are wanting for your special day.

Tyler & Ashley Shaffer...

Kinard Photography is dedicated to providing great service and amazing photos. We really liked having a team of photographers to capture so many great shots. They spent the entire day with us and really understood what was important to us-even though that meant shooting in a cow pasture. Preston & Lindsay fit right in with our wedding party, we had no doubts that our wedding photos would be everything we imagined. Kinard Photography has so much to offer, we are looking forward to working with them again someday!

Becky Hackmack...

Kinard Photography took our daughter and son in-laws (Ashley & Tyler Shaffer) wedding pictures. You didn't even know they were there and yet they captured every moment. I would highly recommend Kinard Photography. They were worth every penny! Howard and Becky Hackmack.

Kayla & Andy Derhake...

Kinard Photography goes above and beyond the call of duty! It's not often you come across people that truly love what they do and know exactly what they are doing, which makes your experience, memories, and photos all that more special. Not once have I ever worried about not getting good pictures, they always catch the little moments that mean the most. Preston and Lindsey always have new, creative ideas and always make getting our pictures taken more fun! I will forever be a returning customer no matter what my photography needs are!

Josh and Erica Mock...

We chose to go with Kinard Photography for our wedding photos in May 2011. We had talked to several other photographers, and chose them based upon their experience, quality products, and down to earth personalities. Along with our wedding photos, they also did our engagements photos, which turned out great. We were so pleased with how our engagement photos turned out, it really set our mind at ease on our wedding day. We knew the quality we were getting, and their professionalism surpasses all others. The wedding was a stressful day, but Preston and Lindsay were there and couldn't have been more helpful. Kinard Photography is a quality local business that we stand proudly behind. We will use them again for any future photography needs.

Amber Kappner...

Preston and Lindsay Kinard are wonderful photographers. I had the opportunity for them to take family pictures twice. They work well with children, do not rush and make sure you are happy with them before finishing a shoot. I would recommend Kinard photography for your next special occasion.

Tim & Shay Cassidy...

Beyond the fact that Preston, Lindsay & Carissa did a fantastic job on our wedding pictures, they were some of the most professional, hardworking, and fun people to do business with. Kinard Photography came to us highly recommended by four different people after working with them we can easily see why. Kinard Photography will be our first suggestion to anyone asking for a photographer referral. It isn't very often nowadays that you find a group of people who love what they do, work hard, and care for the customers that they are working for. Thank you for the wonderful wedding photos and the enjoyable time as well! Tim & Shay

Jenna & Josh Crabtree...

Preston and Lindsay did our wedding photos and they are beautiful!

Eric & Jessica Burton from New London, Missouri...

We are so happy that we choose Kinard Photography to be apart of our wedding day! They made everything so easy and gave us nothing to worry about. They were there from getting ready to everyone leaving the reception. We could not have asked for anything more. They were even there to help us fold pocket squares just the right way before pictures! I know there is nobody else better than Kinard Photography. They were more than photographers; they were great friends as well!

Devin Pryde & Tyler Neibarger from Normal, Illinois...

So far I have only had my engagement photos done by Kinard. But just through the time I have been working with them, they have been fantastic. It kept raining on the days we planned on taking engagement photos and Preston and Lindsey were very flexible with rescheduling. The prices are quite fair and Preston and Lindsey are honestly just wonderful people to work with! I look forward to them being the photographers at our wedding!

(Exact testimonials, not changed in any way.)

Robin & Jason Schrand...

I believe we were one of the firsts for Kinard Photography back in 2005. Although it has been almost 5 years, I must say that both Lindsay and Preston were very personable, patient and professional :) Both my husband and myself could not have been more pleased! I would refer them to anyone! The Schrand's

Derek & Allison Hollenstine...

Our entire experience with Preston and Lindsay was awesome. They stayed in contact with us before our wedding to explain everything and listened to what we were looking for and helped us with ideas. They are both very friendly and patient while being professional at the same time. They helped make our wedding day fun...and provided great quality pictures that we will always have to remember our day. We definitely recommend Kinard Photography to anyone looking for a wonderful experience. We look forward to doing business with them again. Thank you both for amazing pictures!!

We used Kinard Photography and Photobooths for our wedding. They were absolutely amazing. They were patient and kind hearted and were more than willing to do things exactly how we wanted. Preston and Lindsey treated us like family and we couldn't imagine sharing our special day with anyone else.

Alan & Alyssa Collins from Quincy, Illinois...

We are so blessed to have two great people in our lives to share in so many memories. From our first snowball fight, to "I Do's", to connecting outside of photography. I look at our wedding pictures everyday and relive every moment of that day because Preston Kinard and Lindsay Russell Kinard know how to capture everything in a picture! They are great photographers but you can see that with the pictures they take. We are blessed because even if it's just one day they are part of your friends and family, making sure it's everything you ever dreamed of, plus some. Alan & Alyssa Collins from Quincy, Illinois... I'm not sure how to thank you guys enough for such a wonderful job! We absolutely love our pictures and nobody can find a bad picture, personally I love having that problem! Thank you for everything!
